

Organic Certification

INSPECTION AND
CERTIFICATION

We have a deep responsibility to do the right thing for food and the environments it comes from.

We offer the broadest range of food assurance services in the country and are dedicated to helping our partners to uphold Aotearoa's reputation for a higher standard of quality and safety in food. Being certified to the AsureQuality Organic Standard provides assurance for your customers that you have been independently verified and certified, and helps you meet the growing demand from consumers for organic products.

As a New Zealand Government owned entity, our name helps inspire the confidence increasingly desired when making food choices and represents independence of the highest integrity. The AsureQuality Organic Standard covers organic primary production, organic processing and labelling.

Organic Certification with AsureQuality offers producers:

- National coverage
- Specialist residue testing lab
- Competitive pricing

Gain global market access and certify to:

- AsureQuality Organic Standard
- IFOAM
- MPI Official Organic Assurance Programme
- USDA National Organic Programme
- Canada Organic Regime
