<b>Post Entry Type:</b>	Transitional Facility		
<b>ATF Code:</b>	1754		
<b>Address:</b>	1C Quadrant Drive Waiwhetu Lower Hutt		
<b>Operator Name:</b>	Michael Leslie Fenton		
<b>Special Conditions :</b>	<p>You must comply with the import health standard/s listed on this permit and any special conditions recorded below:  IHSs can be viewed via the MPI website:  <a href="https://www.mpi.govt.nz/legal/compliance-requirements/ihs-import-health-standards/">https://www.mpi.govt.nz/legal/compliance-requirements/ihs-import-health-standards/</a></p> <p>Commodities imported under BIOLOGIC.ALL are not permitted to undergo microorganism enrichment, isolation, or culture. Growth of viral or bacterial samples is a regulated activity under the Hazardous Substances and New Organisms (HSNO) Act and requires a HSNO Act approval before the activity takes place. No attempt may be made to isolate any unwanted organisms without written approval from the MPI Chief Technical Officer (CTO) under section(s) 52 and/or 53 of the Biosecurity Act 1993.</p> <p><b>EVALUATION AND DESTRUCTION</b></p> <p>- Once evaluation is complete, the remaining samples, all residues and wrapping materials must be destroyed as per the facility’s approved operating manual or by incineration at a transitional facility approved by MPI for that purpose.</p> <p><b>ANIMAL SAMPLES:</b></p> <p>Animal-derived samples imported under this permit must be:</p> <ol style="list-style-type: none"> <li>1. Made non-viable prior to import; or</li> <li>2. For analysis not requiring viable samples.</li> </ol> <p>The activities being undertaken on the animal samples must be covered within the scope of the facility’s MPI-approved quality management system / operating manual.</p>		

---

A Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) permit to export from the originating country may be required. In the case of samples collected prior to the establishment of CITES, a declaration is required.

---

FOR ANY PRODUCTS THAT ARE, OR CONTAIN, RUMINANT MEAT AND BONE MEAL (MBM)

- Products / samples that are entirely comprised of MBM sourced from ruminant animals must NOT be imported under this permit. Please contact [animal.imports@mpi.govt.nz](mailto:animal.imports@mpi.govt.nz) for import information.

- Products / samples that are entirely comprised of MBM sourced from non-ruminant animals can be imported under this permit provided they are accompanied by a document stating the following: "The Meat and Bone Meal (MBM) sample is not derived from ruminant animals. The sample is derived from <INSERT NON-RUMINANT SPECIES MBM IS DERIVED FROM>"

- Products / samples that contain ruminant MBM as an ingredient, rather than comprising entirely of ruminant MBM, can be imported under this import permit.

---

FOR SAMPLES THAT ARE, OR CONTAIN, NON-VIABLE BEE PRODUCTS (excluding pollen)

- The areas of the transitional facility where the bee product is exposed or likely to be exposed must be insect proof as approved by MPI in the transitional facility's operating manual.

- Pollen is not permitted to be imported under BIOLOGIC.ALL and must be imported under an applicable plant-related import health standard.

---

Items imported under this permit are not permitted to be used in/on, nor in the manufacture of products to be used in/on, animals.

---

NOTE: Other legislative requirements may also need to be met.

---

This permit replaces IMPACT import permit 2022080496.

---

### **Important Information for Permit Holders and Agents**

1. This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not guarantee that the goods you import will be given biosecurity clearance. There are other restrictions in sections 27 and 28 of the Biosecurity Act 1993 which apply to the giving of biosecurity clearance. The Biosecurity Act may be accessed at [www.legislation.govt.nz](http://www.legislation.govt.nz).
2. You will need to ensure that the goods you import comply with the provisions of the specific import health standard(s) and/or entry conditions that are applicable. The import health standard may be amended during the course of your permit. The Ministry for Primary Industries will notify you of any significant changes to the import health standard and will re-issue the permit to accommodate these changes.
